

Target Market Determination

Version 2 dated January 2025

This Target Market Determination (TMD) has been prepared in accordance with the *Treasury Laws Amendment (Design and Distribution Obligations and Product Intervention Powers) Act 2019* and associated Regulations. TMDs are designed to assist issuers to ensure that financial products they issue are likely to be consistent with the *likely objectives, financial situation and needs* of the consumers for whom they are intended (the target market) and to assist distributors to ensure that financial products are distributed to the target market.

The TMD is general in nature and should not be construed as financial advice. Consumers should obtain independent advice prior to acquiring the product to ensure that it is appropriate for their particular *objectives, financial situation and needs*.

Target Market	Description of target market The features of this product have been assessed as meeting the <i>likely objectives, financial situation and needs</i> of consumers who: • meet the eligibility criteria; • require a loan to purchase, refinance or construct an owner occupied or investment property in Residential; • require a loan to purchase or refinance an owner occupied or investment property in Commercial; • require the option of a variable or fixed rate; • require the ability to make unlimited extra repayments and access redraw; • may have experienced a life event with adverse credit history who may not qualify for an alternate loan product; • may want access to other optional features and benefits (such as linked offset account); • require the option of consolidating debts; • require the option of either principal and interest or interest only (available for investment residential properties and construction purposes only) repayments; and • are self-employed and have limited information regarding employment and income. They are required to provide two supplementary evidence of income and thus, are unable to furnish the financial information necessary to access a lower interest rate. Variable Rate Whilst variable interest rates may fluctuate, the product meets the likely

objectives, financial situation and needs of consumers in the target market because it allows them to make additional repayments and/or deposit funds into an offset account to reduce interest payable whilst retaining the ability to draw on those funds when required.

Fixed Rate

Whilst the product has a limit on additional repayments and does not permit redraw, the product meets the likely objectives, financial situation and needs of consumers in the target market because the fixed rate provides certainty of repayments during the fixed period, making household budgeting easier. Additionally, the product benefits consumers within the target market by having an interest only repayment option which may be preferred in some instances for tax purposes.

Distribution Conditions	<i>Distribution conditions</i>	
	The following distribution channels and conditions have been assessed as being appropriate to direct the distribution of the product to the target market:	
	Channel	Conditions
	Mortgage brokers	All applications submitted by accredited mortgage brokers must comply with our policies and procedures issued to accredited mortgage brokers from time to time.
	The distribution channels and conditions are appropriate because: - the product has a wide target market; - our distributors have been adequately trained to understand their DDO obligations; - we rely on existing distributors, methods, controls and supervision already in place; - our approval system has controls in place to flag applicants who may be outside the target market; and - accredited mortgage brokers are subject to a higher duty under BID to ensure that the product is in the best interests of the particular consumer;	

Review Triggers	The following review triggers would reasonably suggest that the TMD may no longer be appropriate: • A significant dealing of the product to consumers outside the target market occurs; • A significant number of complaints are received from customers in relation to the product; • A significant number of defaults occur; • There is a material change to the product or the terms and conditions of the product.
